WORK EXPERIENCE

Prashi Solution

Nov. 2023 – Present

Software Engineer

Gujarat

(Prashi Solution focuses on technology solutions and software development services.)

- **Frontend Web Development (20%):** Built responsive web applications with React JS, HTML, CSS, and JavaScript, ensuring cross-browser compatibility and interactive design with MUI components.
- **Server-Side Logic (15%):** Built server-side logic using Node.js and Express.js for routing and middleware, with Body-parser for handling HTTP requests.
- **Database Management (15%):** Assisted in database design and management using SQL and PostgreSQL, ensuring efficient data storage and retrieval.
- **CRM System Optimization (15%):** Enhanced and managed CRM software, boosting customer management efficiency by 30% and refining data accuracy and user engagement by 25%. Implemented advanced integrations to elevate system capabilities.

Delbird

Feb. 2023 – Oct.2023

Junior Software Engineer

Gujarat

(Delbird specializes in logistics solutions and e-commerce platforms.)

- **Front-end Development (25%):** Built dynamic components with React.js for an engaging user experience.
- **Back-end Development (25%):** Developed scalable server-side logic and RESTful APIs using Node.js
- **Database Management (20%):** Created stored procedures and efficient queries in SQL for data retrieval and manipulation.
- **In-House Product Development (15%):** Designed a logistics application to streamline services for merchants, customers, and delivery partners.
- **Service Offering (15%):** Enabled Delbird to offer intracity logistics, facilitating item pick-up and drop-off within city limits.

EDUCATION
